Re: District of Muskoka Official Plan Review

We are grateful you are undertaking this complex plan review and for the underlying recognition that the preservation of the unique Muskoka environment is key to the continued economic development and prosperity of the District. As well, we are in agreement that intensification should generally be directed to the settlement areas in accordance with the Provincial Policy Statement.

We append our May 01, 2013 comments which remain relevant to many of the issues being explored and we look forward to commenting further as the plan review progresses.

Respectfully Submitted,

A handwritten signature in blue ink that reads "Ian Beverley". The signature is written in a cursive style with a long, sweeping underline.
